**Free mammograms** and diagnostic services to uninsured and underinsured patients across Wellstar's service area.

**Wellness Rooms** provide team members with a place to reflect, refuel and recharge with innovative technology designed to relieve stress.

Wellstar's **Zero Suicide initiative** integrates behavioral health services throughout every service line for both adults and children.

Expanding world-class care close to home through **advanced technology and telemedicine equipment** in Wellstar's care sites and community spaces.
